Appendix 1 Declaration of Interests Form

1. Introduction

This Code of Conduct is designed to give clear guidance on the standards of behaviour all staff at Gorsemoor Primary School are expected to observe. It recognises that staff in school are in a unique position of influence and must maintain behaviour that sets a good example and acts as a role model to all of the pupils within the school.

Whilst every effort has been made to ensure that the guidance provided is as detailed as possible, situations may arise which are not specifically covered in the code. Where this happens, employees are expected to use their professional judgement and act in the best interests of the school and its pupils.

2. Compliance with the Code of Conduct

Failure to comply with the code of conduct, and with the associated school policies and required reading, may result in disciplinary action being taken. Where clarification is needed on any aspect of this document, this should be sought from the Headteacher.

3. Professional responsibilities and conduct

- **It is expected that all people working in school will carry out their role in line with the requirements outlined in their job descriptions, professional standards and conditions of service, school policy statements and agreed practice.**

3.1 Safeguarding of all children

- **All staff are responsible for the safeguarding and well-being of children.** Staff should **familiarise** themselves with the safeguarding policy and be aware of the signs of physical/sexual/emotional abuse and neglect. Basic procedures for safeguarding and reporting concerns are displayed in classrooms, the main office and other key areas.
- **Appropriate relationships with children** - Employees should maintain appropriate professional boundaries at all times
 - School employees will act in an open and transparent way that does not lead any reasonable person to suspect their actions or intent.
 - Staff should avoid behaviour that might be misinterpreted by others in order to protect both young people and themselves.

- Where an employee is in a specified position of trust with a child under 18, it is an offence for that person to engage in sexual activity with or in the presence of that child, or to cause or incite that child to engage in or watch sexual activity. This means that adults should not:
 - use their position to gain access to information about children for their own or others' advantage
 - use their position to intimidate, bully, humiliate, threaten, coerce or undermine children or young people
 - use their status and standing to form or promote relationships which are of a sexual nature, or which may become so
- **Personal association with safeguarding matters** - Employees must inform the Headteacher immediately if they, or a close family member, are being investigated in connection with a child protection/safeguarding allegation out of school.

3.2 Treating other people with dignity and respect

- **All employees are expected to treat other colleagues, pupils and external contacts, such as parents, with dignity, fairness, equality and respect.**
 - **Unacceptable behaviour such as discrimination, bullying, harassment or intimidation will not be tolerated in school.** This includes physical and verbal abuse and use of inappropriate language or unprofessional behaviour with colleagues, pupils and parents.
 - There are occasions, however, when it is entirely appropriate and proper for staff to have physical contact with pupils, but it is crucial that they only do so in ways appropriate to their professional role. When physical contact is made with pupils this should be in response to their needs at the time, of limited duration and appropriate given their age, stage of development, gender, ethnicity and background.
 - Physical contact should never be secretive or casual, or for the gratification of the adult, or for the purposes of punishment.
 - Physical interventions should be in line with the policy on 'The Use of Reasonable Force' - where the need to use such actions is foreseen, a risk assessment should be prepared in advance and agreed with the parents.

3.3 Professional behaviour and appearance

- **Employees must not misuse or misrepresent their position, qualifications or experience or bring the reputation of the school into disrepute.** Such behaviour may lead to disciplinary action.
 - **All employees are expected to be open and honest at all times.**
- **All adults working with children will adopt high standards of personal conduct** in order to maintain the confidence and respect of the public and to provide a role model. Employees should not
 - behave in a manner which would lead others to question their suitability to work with children.
 - make, or encourage others to make, unprofessional personal comments which scapegoat, demean or humiliate others.
 - **Criminal actions** - School employees must inform the Headteacher (Governing Body if the employee is the Headteacher) immediately if they are subject to a criminal conviction, caution, ban, police enquiry, investigation or pending prosecution.
- **Dress** - What is worn for work is a matter of choice for individual staff members but the choice of clothes should ensure that staff appearance is professional at all times. (Staff leading sports sessions will change in to sports-wear; again there is an expectation that professional appearance is maintained.) Footwear must ensure that if a member of staff needs to proceed with haste to ensure the safety of pupils that it remains on the foot, ie, no shoes without a back or back strap. Sandals are acceptable provided they have a heel strap. Stiletto shoes are to be avoided. When choosing what is worn staff should ensure that clothing:
 - is not likely to be viewed as offensive, revealing, or sexually provocative
 - does not distract, cause embarrassment or give rise to misunderstanding
 - is absent of any political or otherwise contentious slogans
 - is not considered to be discriminatory and is culturally sensitive
