Dear Parents/Guardians,

After allowing one child to bring their mobile phone into school for legitimate reasons, several pupils have recently felt it necessary to follow suit and bring their mobile phones into school as well. School policy clearly states that pupils are not allowed to bring their mobiles to school unless it is deemed an absolute necessity, such as if your personal circumstances have dramatically altered and your child is at risk after school. A permission letter will be required every day your child brings in their phone. If your child brings in their phone, please consider if it is absolutely necessary, as we will not take responsibility for loss or damage. If your child did not require their phone previously, then it is unlikely that they would require it now.

Yours sincerely

Mr. P. Bennett
